ABOUT PENNINE

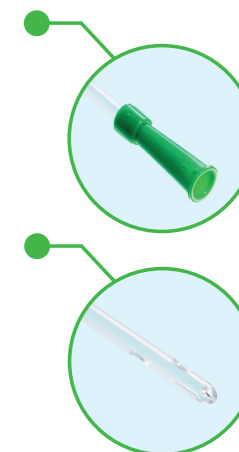

Pennine Healthcare is proud to be one of the UK's leading, employee owned, manufacturer and distributor, of single-use sterile and non-sterile Ward & Theatre Consumables and Custom Procedure Packs, as well as one of the leading suppliers of PPE to healthcare settings.

ABOUT OUR CATHETERS

Here at Pennine Healthcare, we understand the need for a reliable product range, to fulfil the need for those who need to empty their bladder via a catheter. Whatever your requirement, our catheters come in a variety of sizes and lengths to fulfil your individual needs.

NELATON (MALE) CATHETERS

Pennine's Intermittent Urethral Catheters are a single use, flexible tube inserted through the urethra into the bladder for the intermittent/transient passive evacuation of urine, which is then immediately removed.

- 39cm length (with connector)
- Medical grade PVC
- Sterile, individual peel pouches
- 100 units per inner polythene bag
- Supplied single wrapped (SW) as standard
- Latex & DEHP Free

URETHROTECH UCD®

The NICE-approved Urethral Catheterisation Device (UCD®) provides a safe second-line catheterisation solution when standard Foley-catheterisation has failed.

The integrated non-traumatic UCD-guidewire navigates the UCD-catheter safely into the bladder, preventing urethral injury particularly in men with an enlarged prostate. With the UCD® multiple traumatic unsuccessful catheterisation attempts are avoided, providing safer and cost-effective patient care.

- Safe and easy for patient and provider
- Ready-to-use consumable
- Suitable to be used by qualified doctors and nurses
- Improved patient care pathway
- Avoid invasive specialist interventions and associated costs
- Complications are reduced, providing safer and better care
- Clinically proven and evaluated by NICE*
- Purpose-designed and regulated medical device
- FDA 510(k), CE-mark, ISO 13485:2016
- Integrated hydrophilic Nitinol guidewire
- 100% Silicone 3-way Foley Catheter 16F
- The UCD-guidewire is removed after successful catheter placement
- Suitable for bladder irrigation if required
- Attached plug to close off guidewire (irrigation) channel

* Available for the UK market only
